***EXAMINER'S AMENDMENT***

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

The application has been amended as follows:

**IN THE CLAIM:**

Claims 6-9 have been cancelled as these claims are directed to non-elected invention without traverse and since this application is in condition for allowance.

***REASONS FOR ALLOWANCE***

The following is an examiner's statement of reasons for allowance:

Claims 1-5 are allowed over the prior art of record because all the cited references, considered as closest prior art and viewed in combination or individual, fails to suggest or fairly teach an optical disk apparatus recording and/or reproducing a signal synchronously with a fine clock mark including a combination of all features as recited in claims 1. Claims 2-5 are allowed with their respective parent claim.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
